

Worship Ministry Intern Description

Full-Time

The full-time Worship Ministry internship at Bethany Community Church is a 9-month immersion in the day-in, day-out operations of the Worship Ministry. Taking into account both gifting and areas of interest, the intern may be involved in everything from leading worship services by playing in and/or leading a band, creative work (service planning, set design, musical arrangement and production, media creation) behind the scenes administration (event planning and logistics, stage setup, audio visual support) as well as musician/leader development and care.
